# VISION

YBRV has a vision to empower youth of the entire nation in terms of literacy, it also aims upon the talented youth to provide maximum opportunities for exposure of these talent by using multidimensional approach without any discrimination we aim to work in a holistic way for the development of the better generation in terms to empower them with literacy and educational growth.

The young generation with any milieu, religion or financial status is welcomed for their development in whichever field or stream they want to and expand their horizons, getting this vision accomplished brings the ultimate satisfaction to our mission.

**ybrv**

YUVA BHARAT  
RACHNATMAK VAHINI

“ I am confident about myself and my entire team efforts will bring a massive change among the thinking of the youth and their parents and bring respect for the education in there lives and will also come to know the importance of being literate which would reform the new India.”

## SOCIAL MESSAGE

*My every single effort is to spread the message to the entire nation about the literacy which can take our nation to new heights, I strongly belief that the youth of India is the most talented youth and has potential to reach on moon or space therefor it is only the matter of guidance and creating maximum and equal opportunity for them.*

*Therefore, my message is to spread the importance of literate young generation in our nation which can bring a far-reaching transformation in the national image worldwide.*

**RAKYESH KUMAR**  
President
